Overview:

Nairobi Distillers EPZ (Procera) is offering a unique attachment opportunity for students who have pursued studies in Supply Chain Management. This program is designed to provide practical experience and insight into the dynamic field of supply chain operations within a leading organization.

Job Description:

As an attachment student in our Supply Chain Department, your responsibilities will include:

- **Inventory Management:** Assist in monitoring and managing inventory levels to ensure optimal stock availability and minimize disruptions.
- **Logistics Coordination:** Support the logistics team in coordinating shipments, tracking deliveries, and ensuring timely distribution of products.
- **Data Analysis:** Analyze supply chain data to identify trends, discrepancies, and opportunities for process improvements.
- **Supplier Communication:** Aid in communication with suppliers to facilitate procurement processes and address any supply issues.
- **Process Improvement:** Participate in ongoing projects aimed at enhancing supply chain efficiency and effectiveness.

Qualifications:

- **Educational Background:** Students must have pursued a degree in Supply Chain Management or a related field.
- **Skills:** Strong analytical skills, attention to detail, and effective communication abilities.
- **Technical Proficiency:** Familiarity with supply chain management software and tools is an advantage.
- **Availability:** Applicants must be readily available to begin the program, awaiting graduation or recently graduated.

Benefits:

- Gain hands-on experience in a real-world supply chain environment.
- Opportunity to apply theoretical knowledge in practical settings.
- Potential for internship or full-time employment based on performance.

Application Process:

Interested students are invited to submit their CV and a cover letter outlining their interest and suitability for the attachment program to zakiah@proceragin.com. The application deadline is 17th Sept 2024.

We look forward to welcoming motivated and enthusiastic students to join our team and contribute to the success of our supply chain operations.
