## EAST AFRICA

### Exciting Graduate in Training (GIT) Internship Opportunities

Isuzu East Africa is the leading transport solutions provider in East Africa, offering sales and Aftersales service for a diverse range of Isuzu vehicle models as well as UD Trucks.

Our purpose is to be a leader in transport solutions, earning customers for life, carrying out sustainable business. Our core values are Customer Focus, Relationships and Excellence. Last year, Isuzu EA was feted by the Federation of Kenya Employers (FKE) as the best employer in Kenya, winning the **Employer of the Year Award (2023)**.

To build its talent pipeline, the company provides internship opportunities for best in class graduates.

- Are you a year 2023 university graduate, ready for an exciting learning experience for one year?
- Are you creative, bold and passionate about fresh ideas and new ways of doing things? Do you have a vision for a better future? Are you a challenger and disruptor of what is good and working fine?

If so, you are the one we are looking for. We have a one year training and working opportunity for you. You will have a unique chance to experience world class training, coaching and mentoring from our great team.

We have limited opportunities in the following departments:

- **Finance:** Bachelor's degree in Finance or Accounting.
- **Communications:** Bachelor's degree in Journalism or Communications.
- **Information Technology (IT):** Bachelor's degree in Computer Science or IT related field.
- **Engineering:** Bachelor's degree in Mechanical, Mechatronic or Electrical Engineering.
- **Marketing:** Bachelor of Commerce in Marketing.
- **Human Resources:** Bachelor of Commerce in Human Resources Management.
- **Procurement:** Bachelor of Commerce in Procurement & Supplies Management.
- **Corporate Research & Sustainability:** Bachelor's degree in Project Planning & Management.

Minimum qualifications are as follows:

- Year of graduation 2023.
- KCSE Mean Grade A-.
- Upper second class honours degree.
- Possession of professional qualifications such as CPA, ACCA, CPS, CHRP, CIM, CISA, CIPS will be an added advantage.
- Master's degree graduates will be considered subject to meeting minimum KCSE and Bachelor's degree requirements.
